[3 questions employees are asking this open enrollment season](#)

With employee satisfaction on the line, employers may want to consider how to best educate employees about their benefits during open enrollment.

[More affordable care matters](#)

A strategic, end-to-end approach to cost management can help employers looking to reduce costs without compromising quality of care or coverage.

Unique health plan lowers the total cost of care

The UnitedHealthcare Surest health plan is designed to help simplify care by providing upfront cost and coverage information. Find out more.

Employee demand for GLP-1s is outpacing employer appetite

58% of patients using GLP-1 drugs stop taking them before seeing results. That, plus their cost, may make a holistic approach a better option.

Addressing the continued rise in pharmacy costs

Rising medication prices are a concern, but partnering with a carrier that integrates benefits may help lower costs and improve health outcomes.

Biosimilars: Market disruptors, cost deflators or both?

As pharmacy costs increase by double digits, biosimilars have the potential to save billions of dollars over the next decade.
