## Employee Retirement Income Security Act (ERISA), Form 5500 Filing and Summary Plan Description (SPD)

ERISA requires plan administrators to maintain and distribute the SPD for all ERISA-covered health benefit plans. The SPD tells participants what the plan provides, how it operates and includes specific information required by federal law. The plan administrator should refer to the SPD for complete information to avoid possible penalties.

The Form 5500 Series is part of ERISA's reporting and disclosure framework and was created to collect information about employee benefit plans to ensure plans are operated and managed in accordance with prescribed standards.

## Consolidated Omnibus Budget Reconciliation Act (COBRA)

COBRA generally applies to group health plans sponsored by employers (private-sector or state/local government) who employed 20+ full-time equivalent employees on more than 50% of its typical business days during the previous calendar year. Both full- and part-time employees are counted to determine whether a plan is subject to Federal COBRA. Each part-time employee counts as a fraction of a full-time employee, with the fraction equal to the number of hours that the part-time employee worked divided by the hours an employee must work to be considered full-time. Employers with 20+ employees under the definition above are responsible for administering COBRA and may hire a TPA to assist in the responsibilities.
