

Harassment Training for Clients & More!

Give your clients more value by offering a new bundle of courses that will help them meet compliance requirements, including harassment training.

Our partner, Zywave, is offering over 200 online courses for groups. You'll be able to easily select, set up and manage their courses, so they can stay on top of compliance through a convenient online system.

ZYWAVE

Zywave Learning is the most economical Learning Management System (LMS) available today, delivering high-quality, in-demand courses brought to you by the experts at Zywave.

Training courses

- High-quality, online courses developed by Zywave Learning attorneys
- Easy-to-understand, professionally produced videos with interactive quizzes for a quality learning experience

Employer benefits

- Assign training courses based on role in the company — employees, managers/supervisors or HR
- Self-administer the system (easy for the broker)
- Track employees' progress per course
- Get course statistics and reports for company
- Employer-owned courses can be uploaded to the system

Employee benefits

- Provides online access for employees anytime, anywhere
- Works across all devices — PCs, laptops, tablets and phones
- Issues certificates of completion to employees and informs HR
